

## Welcome to Stranda and our cabin!

This cabin is a private cabin and the rental is organized by the owner. We hope you will enjoy the cabin and your stay here at Stranda.

### Position:

Address: Øksleveggen 106, 6200 Stranda

62 degrees 17 minutes 35 seconds NORTH,

6 degrees 50 minutes 55 seconds EAST

Google pin: <https://goo.gl/maps/441CVcJ9wP2qojnNA> (see detailed instruction as well)

### Practical information

#### Access to the road barrier: call +47 479 24 021

You must call from the preregistered phone number(s). The barrier will only open from a registered number.

When driving out of the area, the road barrier will open automatically when the car is 10m from the barrier.

#### Access code to the door: your code + “open lock” symbol

The code will be sent as a message before you arrive.

There are unique codes for every booking.

#### Contact information for the host/ owner:

Frode Skålvik, +47 977 55 544 / [frode@myrabakken.com](mailto:frode@myrabakken.com)

Please feel free to contact me during your stay 😊.

I grew up at Stranda, and know the area very well.

Now I live in Ålesund, one hour drive from the cabin.

### Wi-Fi

Network name: #106 wifi

Password: EasyControl2004

### Spring water

The water from the spring has excellent quality and you can safely drink this water.

### Outdoor furniture (summer)

Before every night (and before you leave), put the pillows in the outdoor sofa and protect them with the cover. Also keep the pillows protected when you go away from the cabin for many hours, as the weather can change from sunny to rainy weather.

### Waste station

All garbage must be delivered at the waste station by the main road. Tip; bring the garbage on a daily basis when you pass the waste station anyway. Do not leave any garbage at the cabin after check-out.

### **Sheep fence -keep closed! (summer)**

In the period may-september, the sheep fence must be kept closed at all time to prevent sheeps to access the cabins outdoor area. That will cause problems with sheep shit and smell on the outdoor area.

### **Heating**

The cabin will be preheated to a comfortable level before you arrive.

You can also find firewood in the storage room next to the main entrance door.

### **Music/ multimedia player**

There are Apple-TV connected to the TV's.

In the main living room the TV has built-in speakers in the base.

In the TV-room on the ground floor there are an external subwoofer and soundbar.

You can stream audio to the Apple TV units "Living Room" or "TV-room".

### **Bluetooth players**

#### JBL Boombox 3:

Turn the unit on.

Press and hold the Bluetooth button until the light on the button

turns on. Search for "JBL Boombox 3" in the bluetooth settings on your phone.

#### SONY music player

Turn the unit on.

To pair to the SONY unit, press and hold "pair" until you here a sound (2-3 sec).

Search for Bluetooth units on your mobile phone. It will show as "SRS-X55" in your device list. If these music players needs to be charged, you will find chargers in the cabinet below the coffee maker.

### **Charging for electric cars**

The charger is normally locked (electronically). Let me know if you need access to the charger, then I can open it from my phone, and it will stay open for the rest of your stay.

The charging effect is set to 5kW.

Since it can be potentially high energy prices, you will be charged for the actual energy cost related to the car-charging.
